PROFILE SUMMARY

Staff Software Engineer with deep experience in Node.js backend development, REST API design, and system architecture for scalable, reliable enterprise applications across U.S. and Kenyan tech firms. I routinely implement complex API integrations, manage databases like PostgreSQL, and ensure robust production operations with cloud deployments and Docker-based workflows. At Copy Cat Group, I design comprehensive system architectures, lead the development of live SAP API integrations, and architect AI-powered tender scraping pipelines from concept to delivery.

SKILLS

Languages: Python, JavaScript, SQL, PHP, Kotlin, HTML, CSS, Bash

Frameworks & Libraries: Node.js, React, Django, Flask

Databases: PostgreSQL, MySQL, MongoDB, SQLite

Data Analysis: Pandas, NumPy, Excel, Data Visualisation, Statistical Analysis

AI & Machine Learning: Prompt Engineering, LLM Evaluation, Data Annotation, Dataset Structuring, Gemini API, Groq API

Automation & Tools: REST APIs, Web Scraping, n8n, Playwright, APScheduler, Git, GitHub, Postman

DevOps & Cloud: Docker, Oracle Cloud, Google Cloud Platform

AI & Specialist Tools: TypeScript, Scalability, Implementation, Maintenance, Observability, Error Handling, Security Concerns, Code Reviews, Incident Response

Platforms & Methods: Root-Cause Analysis, System Resiliency, GraphQL, Schema Design, Data Consistency, Distributed Systems, Fault Tolerance, Eventual Consistency, Technical Leadership

PROFESSIONAL EXPERIENCE

Full Stack Developer

Copy Cat Group | Nairobi, Kenya | November 2025 – Present

- Engineered live SAP API integration with Credit Control System, automating workflows for OA and IT units.
- Authored comprehensive System Design Documents covering application, data, and security architecture for innovation initiatives.
- Designed and prototyped an AI-powered tender scraping pipeline, automating opportunity discovery and processing.

AI Data Annotator

Sama Kenya | Nairobi, Kenya | October 2025 – January 2026

- Generated accurate difference-based captions for multimodal datasets, training AI models.
- Executed consistency checks and image-level validation, improving multimodal model accuracy and reliability.
- Contributed high-quality annotated data directly feeding into production AI model training pipelines.

Full Stack Developer

Cybasoft | United States (Remote) | June 2025 – November 2025

- Delivered full-stack solutions for U.S. clients, spanning diverse sectors and technical requirements.
- Optimised APIs and built responsive UI components for CMS-driven web systems and applications.
- Collaborated remotely on debugging, performance improvements, and client feedback integration.

AI Data Annotation Specialist

Digital Divide Data (DDD) | Remote | May 2025 – October 2025

- Annotated and evaluated complex datasets for health and agriculture AI systems.
- Structured datasets, performing intent detection and utterance verification for AI training.
- Ensured annotation quality and consistency across multilingual and multimodal training data.

AI Evaluator

Sama Kenya | Nairobi, Kenya | September 2024 – December 2024

- Evaluated AI-generated content and contributed structured feedback to improve model accuracy
- Assessed natural language response quality across diverse prompt categories
- Contributed to model alignment and quality assurance pipelines

AI Expert Annotator

Mindrift / Toloka | Freelance (Remote) | May 2024 – June 2025

- Created high-quality datasets and designed annotation instructions for multilingual model training
- Performed pairwise ranking, difference-captioning, and image-based AI training tasks
- Maintained annotation accuracy and delivered structured outputs for LLM and multimodal models

Web Developer & SEO Content Mentor

Freelance | Remote | May 2024 – September 2024

- Built custom websites on WordPress and Wix with optimised performance and SEO structure
- Mentored content writers on clarity, tone, and content structure for web audiences

Monitoring & Evaluation Staff

Moja Expressway | Nairobi, Kenya | March 2022 – May 2023

- Collected and analysed road-use data and compiled monthly performance dashboard reports
- Tracked KPIs and communicated findings to management to support operational decisions

Constituency Officer

Uwezo Fund Oversight Board | Kenya | January 2020 – December 2020

- Reviewed grant applications, supported field vetting processes, and documented project progress
 - Maintained accurate records and coordinated reporting to county-level oversight structures
-

CERTIFICATIONS

- Software Engineering – Moringa School
 - Virtual Assistant Program – ALX Africa
-

EDUCATION

Bachelor of Science in Statistics

University of Nairobi

Referees: Available on request
