PROFILE SUMMARY

Online Data Analyst and AI Engineer with experience in data evaluation, web-based research, and AI model training across diverse U.S. and Kenyan tech environments. I contribute to AI model training pipelines through LLM evaluation, prompt engineering, and multimodal data annotation, ensuring accuracy and relevance for content enhancement. Currently at Copy Cat Group, I develop full-stack applications and am building an AI-powered tender scraping pipeline for automated data discovery and processing.

SKILLS

Languages: Python, JavaScript, SQL, Bash

Frameworks & Libraries: React, Node.js, Django, Flask

Databases: PostgreSQL, MySQL, MongoDB

Data Analysis: Pandas, NumPy, Excel, Data Visualisation, Statistical Analysis

AI & Machine Learning: Gemini API, Groq API, Prompt Engineering, LLM Evaluation, Data Annotation, Dataset Structuring

Automation & Tools: n8n, Playwright, Web Scraping, REST APIs, Git, Postman

DevOps & Cloud: Docker, Oracle Cloud, Google Cloud Platform

AI & Specialist Tools: data verification, accuracy assessment, information relevance, search engines, online maps, website navigation, broadband internet, computer literacy, software proficiency, ID verification, open book exam, assessment guidelines, learning materials, Spanish proficiency

Platforms & Methods: U.S. residency, current affairs knowledge, historical knowledge, online research skills, task flexibility, map data, news data, audio data, relevance determination, AI community, translation, localization, machine learning, brand support

PROFESSIONAL EXPERIENCE

Full Stack Developer

Copy Cat Group | Nairobi, Kenya | November 2025 – Present

- Integrated SAP APIs with an internal Credit Control System, automating data flow for business units.
- Designed and prototyped an AI-powered tender scraping pipeline for automated data discovery and processing.
- Authored comprehensive System Design Documents (SDD) and Business Requirements (BRD) for project formalisation.
- Developed and maintained full-stack applications supporting enterprise clients across banking and retail.

AI Data Annotator

Sama Kenya | Nairobi, Kenya | October 2025 – January 2026

- Generated accurate difference-based captions for multimodal datasets to train AI models.
- Performed categorisation, bounding, and consistency checks to enhance multimodal model accuracy.
- Contributed high-quality annotated outputs directly feeding production AI model training pipelines.

Full Stack Developer

Cybasoft | United States (Remote) | June 2025 – November 2025

- Developed and delivered full-stack solutions for U.S.-based clients across diverse sectors.
- Optimised API performance and built robust UI components for client-facing systems.

- Collaborated with remote teams on debugging, performance improvement, and client feedback integration.

AI Data Annotation Specialist

Digital Divide Data (DDD) | Remote | May 2025 – October 2025

- Annotated and evaluated datasets for health and agriculture AI systems, ensuring data quality.
- Performed intent detection, slot tagging, and structured dataset creation for AI training data.
- Ensured annotation quality and consistency across multilingual and multimodal training datasets.

AI Evaluator

Sama Kenya | Nairobi, Kenya | September 2024 – December 2024

- Evaluated AI-generated content and contributed structured feedback to improve model accuracy
- Assessed natural language response quality across diverse prompt categories
- Contributed to model alignment and quality assurance pipelines

AI Expert Annotator

Mindrift / Toloka | Freelance (Remote) | May 2024 – June 2025

- Created high-quality datasets and designed annotation instructions for multilingual model training
- Performed pairwise ranking, difference-captioning, and image-based AI training tasks
- Maintained annotation accuracy and delivered structured outputs for LLM and multimodal models

Web Developer & SEO Content Mentor

Freelance | Remote | May 2024 – September 2024

- Built custom websites on WordPress and Wix with optimised performance and SEO structure
- Mentored content writers on clarity, tone, and content structure for web audiences

Monitoring & Evaluation Staff

Moja Expressway | Nairobi, Kenya | March 2022 – May 2023

- Collected and analysed road-use data and compiled monthly performance dashboard reports
- Tracked KPIs and communicated findings to management to support operational decisions

Constituency Officer

Uwezo Fund Oversight Board | Kenya | January 2020 – December 2020

- Reviewed grant applications, supported field vetting processes, and documented project progress
- Maintained accurate records and coordinated reporting to county-level oversight structures

CERTIFICATIONS

- Software Engineering – Moringa School
- Virtual Assistant Program – ALX Africa

EDUCATION

Bachelor of Science in Statistics

University of Nairobi
