PROFILE SUMMARY

Full Stack Developer with a strong background in AI and ML, currently building production systems at Copy Cat Group. I work across the entire stack, from Python backends and REST APIs to React frontends, with a focus on AI integration. My recent projects include an SAP API integration, an AI-powered tender scraping pipeline, and a comprehensive System Design Document for enterprise architecture. I have experience in both Kenyan and U.S. tech companies, delivering full-stack solutions and collaborating with cross-functional teams.
