PROFILE SUMMARY

Full Stack Developer with a focus on data-driven solutions, currently building production systems at Copy Cat Group. I work across the stack, from Python backends to React frontends, and have extensive experience in AI data work, including model evaluation, prompt engineering, and dataset structuring. I've delivered full-stack applications for enterprise clients, integrating APIs and customer-facing systems, and am now driving AI-powered automation projects, including an SAP API integration and a tender scraping pipeline.
