PROFILE SUMMARY

Full Stack Developer and AI Data Specialist with a focus on building scalable, user-centric solutions. I have experience in both front-end and back-end development, working with Python, JavaScript, and SQL. Skilled in data annotation, evaluation, and analysis, with a track record of improving AI model accuracy through structured feedback and quality assurance. Currently, I am developing full-stack applications at Copy Cat Group, integrating AI-driven automation features and working on live projects such as an SAP API integration and an AI-powered tender scraping pipeline.
