

Centrine Ong'aria

Nairobi, Kenya

centyanita@gmail.com | +254 712 382 443 | LinkedIn | GitHub

PROFILE SUMMARY

Centrine Ong'aria is an AI and ML engineer with extensive experience in developing and integrating AI/ML models and agentic systems. They have a strong background in programming languages such as Python and JavaScript, and are well-versed in various AI frameworks, including TensorFlow, PyTorch, and Scikit-learn. Centrine has successfully delivered full-stack applications with AI-powered automation stacks, utilizing their expertise in prompt engineering, data preprocessing, and feature engineering. They are skilled in building and evaluating LLMs, transformer-based architectures, and multimodal models, ensuring high-quality outputs through rigorous testing and context engineering. Centrine's proficiency in Agile methodologies, CI/CD pipelines, and collaboration tools like Git and GitHub makes them an asset for any team. They have worked with automation platforms and agent-based systems, creating efficient data pipelines and implementing intelligent process automation. Centrine is also experienced in conversational AI, prompt management, and system-to-system integrations, having worked with tools like Microsoft Copilot Studio, PowerApps, and PowerAutomate. Their knowledge of cloud-based AI/ML platforms, including Oracle Cloud and Google Cloud Platform, enables seamless deployment and scalability. With a focus on AI and automation tools, Centrine is well-equipped to drive innovation and deliver cutting-edge solutions.

SKILLS

Languages: Python, JavaScript, SQL, PHP, Kotlin, Bash

Frameworks & Libraries: React, Node.js, Django, Flask, Pandas, NumPy, Hugging Face Transformers, Langchain

Databases: PostgreSQL, MySQL, MongoDB, SQLite

Data Analysis: Data Visualisation, Statistical Analysis, Excel

AI & Machine Learning: LLM Evaluation, Prompt Engineering, Data Annotation, Dataset Structuring, Multimodal Model Training, Transformer Models, Generative AI

Automation & Tools: n8n, Playwright, APScheduler, Web Scraping, REST APIs, Git, GitHub, Postman, VS Code, Jira, Trello, Slack, HubSpot, Figma, Docker

DevOps & Cloud: Oracle Cloud, Google Cloud Platform, CI/CD, Agile

Additional Skills: AI/ML Development, Automation Platforms, Agent-based Systems, AI-powered Automation Stacks, Transformer-based Architectures, Data Pipelines, Preprocessing, Feature Engineering, Intelligent Process Automation, Context Engineering, Conversational AI, System-to-system Integrations, TensorFlow, PyTorch, Scikit-learn, Machine Learning Algorithms, Neural Networks, NLP, Cloud-based AI/ML Platforms

PROFESSIONAL EXPERIENCE

Full Stack Developer

Copy Cat Group | Nairobi, Kenya | November 2025 – Present

- Developed full-stack applications with AI-driven automation features for enterprise clients, ensuring scalability and cross-device usability.
- Collaborated with cross-functional teams to integrate internal APIs and customer-facing systems, demonstrating strong teamwork and technical leadership.
- Implemented Git-based workflows and CI pipelines for efficient development, troubleshooting, and deployment.

AI Data Annotator

Sama Kenya | Nairobi, Kenya | October 2025 – January 2026

- Trained AI models through precise data annotation, including difference-based captioning and multimodal validation, to enhance model accuracy.
- Contributed high-quality annotated datasets directly to production model training pipelines, ensuring data integrity and consistency.
- Performed categorisation, bounding, and consistency checks to improve model performance and reliability.

Full Stack Developer

Cybasoft | United States (Remote) | June 2025 – November 2025

- Developed and delivered full-stack solutions for U.S.-based clients across different sectors
- Built UI components, optimised APIs, and handled CMS-based website systems
- Collaborated with remote teams to debug, improve performance, and implement client feedback

AI Data Annotation Specialist

Digital Divide Data (DDD) | Remote | May 2025 – October 2025

- Evaluated and annotated datasets for health and agriculture AI systems, focusing on intent detection, slot tagging, and utterance verification.
- Maintained annotation quality across multilingual datasets, ensuring structured and consistent training data for improved model performance.
- Created and structured datasets for LLM and multimodal model training, demonstrating attention to detail and data engineering skills.

AI Evaluator

Sama Kenya | Nairobi, Kenya | September 2024 – December 2024

- Assessed AI-generated content, providing structured feedback to refine model accuracy and natural language responses.
- Contributed to model alignment and QA processes, ensuring high-quality AI outputs and user experiences.
- Worked with diverse prompt categories, gaining expertise in prompt engineering and context management.

AI Expert Annotator

Mindrift / Toloka | Freelance (Remote) | May 2024 – June 2025

- Created high-quality datasets and designed annotation instructions for multilingual model training
- Performed pairwise ranking, difference-captioning, and image-based AI training tasks
- Maintained annotation accuracy and delivered structured outputs for LLM and multimodal models

Web Developer & SEO Content Mentor

Freelance | Remote | May 2024 – September 2024

- Built custom websites on WordPress and Wix with optimised performance and SEO structure
- Mentored content writers on clarity, tone, and content structure for web audiences

Monitoring & Evaluation Staff

Moja Expressway | Nairobi, Kenya | March 2022 – May 2023

- Collected and analysed road-use data and compiled monthly performance dashboard reports
- Tracked KPIs and communicated findings to management to support operational decisions

Constituency Officer

Uwezo Fund Oversight Board | Kenya | January 2020 – December 2020

- Reviewed grant applications, supported field vetting processes, and documented project progress
- Maintained accurate records and coordinated reporting to county-level oversight structures

CERTIFICATIONS

- Software Engineering – Moringa School
- Virtual Assistant Program – ALX Africa

EDUCATION

Bachelor of Science in Statistics

University of Nairobi

Referees: Available on request
