PROFILE SUMMARY

Full Stack Developer and AI Data Specialist with a strong foundation in software engineering, statistics, and data annotation for machine-learning pipelines. Experienced in building responsive full-stack applications, conducting image-based AI training tasks, evaluating model outputs, and developing high-quality datasets for LLM and multimodal models.

I bring a blend of technical development, AI data work, and analytical problem-solving, gained from roles in U.S. and Kenyan companies. I thrive in fast-paced, cross-functional environments and enjoy improving models, optimizing systems, and delivering clean, reliable work.

SKILLS

Web Development: HTML, CSS, JavaScript, React, Node.js, Django, Flask, PHP, Kotlin

Backend & Databases: REST APIs, PostgreSQL, MySQL, MongoDB

Data Analysis: Python, Pandas, NumPy, Excel, SQL, visualization

AI & Data Annotation: Image labeling, difference-captioning, pairwise ranking, QA checks, intent/slot tagging, data evaluation, dataset structuring

Tools: Git, GitHub, Postman, VS Code, Jira, Trello, Slack, HubSpot

Design & Content: Figma, SEO structure, UX updates, CMS customization

PROFESSIONAL EXPERIENCE

Full Stack Developer

Copy Cat Group | Nairobi, Kenya | Nov 2025 – Present

Develop and maintain full-stack applications supporting enterprise clients across banking, retail, and corporate operations.

- Work with cross-functional teams to build scalable solutions, integrating internal APIs and customer-facing systems.
 - Implement front-end improvements for usability, accessibility, and responsiveness across devices.
 - Collaborate on backend logic, deployment, and troubleshooting through Git-based workflows and CI pipelines.
 - Support integration of AI-driven automation features being adopted across internal business units.
-

Full Stack Developer

Cybasoft | United States | June 2025 – Nov 2025

- Developed and delivered full-stack solutions for U.S.-based clients across different sectors.
 - Built UI components, optimized APIs, and handled CMS-based website systems.
 - Collaborated with remote teams to debug, improve performance, and implement client feedback.
-

AI Data Annotator

Sama Kenya | Oct 2025 – Present

- Train AI models and generating accurate difference-based captions.
 - Perform categorization, bounding, consistency checks, and image-level validation to improve multimodal model accuracy.
-

AI Data Annotation Specialist

Digital Divide Data (DDD) | May 2025 – October 2025

- Annotated and evaluated datasets for health and agriculture AI systems.
 - Performed intent detection, slot tagging, utterance verification, and structured dataset creation.
-

AI Evaluator

Sama Kenya | Sept 2024 – Dec 2024

- Evaluated AI-generated content and contributed feedback to improve model accuracy and natural language response quality.
-

Web Developer & SEO Content Mentor

Remote | May 2024 – Sept 2024

- Built custom websites on WordPress and Wix; optimized performance and SEO structure.
 - Mentored writers on clarity, tone, and content structure.
-

AI Expert Annotator – Mindrift / Toloka

Freelance | May 2024 – June 2025

- Created high-quality datasets and designed annotation instructions for multilingual model training.
-

Monitoring & Evaluation Staff

Moja Expressway | Mar 2022 – May 2023

- Collected road-use data, analyzed performance metrics, and compiled monthly dashboard reports.
-

Voter Registration Clerk

IEBC Kenya | Jan – Feb 2022 & Oct – Nov 2021

- Performed biometric registration and validated voter information in digital systems.
-

Constituency Officer

Uwezo Fund Oversight Board | Jan 2020 – Dec 2020

- Reviewed grant applications, supported field vetting, and documented project progress.
-

Enumerator

KNBS | Aug – Sept 2019

- Collected census data using digital tablets and ensured GPS-verified, error-free uploads.
-

CERTIFICATIONS

- Software Engineering – Moringa School
 - Virtual Assistant Program – ALX Africa
-

EDUCATION

Bachelor of Science in Statistics
University of Nairobi
